

The Montessori Schoolhouse: Parent Visitation Policy

Parents are invited to visit their student's classroom, or potential classroom, by appointment through the administrative office. We couldn't be more proud to show off our beautiful materials, Montessori "work period" and thriving classrooms.

Scheduling

We are open for parent visitation during designated mornings, but specific visitation windows vary by classroom. We ask all visitors to sit quietly and observe the students working without engaging in conversation. Teachers will be available for follow-up questions via email or phone.

Please contact our administrative office at (520) 319-8668 to schedule your visit. Thank you so much for your interest!
